COMPLETE ASSESSMENT TESTING OR PREREQUISITES REVIEW

Many courses require placement into English or Math or require you to show completion of these courses at a prior school. Be sure to get this process done early, to avoid any delay in enrolling for the classes you need. This is also important before meeting with your Student Success Coach or MVP Advising Team, so that they can create as accurate a plan as possible for your program.

- Schedule your Accuplacer Assessment
- Verify prerequisites

PLAN YOUR EDUCATION

MVP advisors or Student Success Coaches are available for all degree programs and are here to help you schedule your classes and provide a path towards completion of your program. While meeting with a MVP advisor is not mandatory, it can be extremely helpful to ensure you are maximizing your VA education benefits and completing your program as quickly as possible.

- Book an appointment with Tatiane Simons
- Book an appointment with Viviana Byrd
- Make an appointment with a Student Success Coach

If you are unable to meet with the advising team, you can also plan classes on your own! Check out the Academic Planning Tools, Resources & Forms page on the Advising website.

ENROLL IN YOUR CLASSES

After determining what classes you need to take, it's time to enroll, and request your VA benefits. The class schedule is posted online each quarter and each class has a unique, 5-digit Class Number.

After enrolling for your classes each quarter, you will need to submit your Certification Request. This notifies the MVP Benefits Office that you have enrolled and would like to use your VA education benefits.
